A Galapagos Adventure!

Have you ever wondered?

- Why would I want to go there anyway?
- Where on earth are the Galapagos Islands?
- If Blue-footed Boobies are real?
- Are Giant tortoises really, really big?

- If there are penguins at the equator?
- Does water really flow in a different direction in the southern hemisphere?

Well, wonder no more. Join us for a photographic presentation on the Galapagos Islands with Dorothy Piccinin. She and her husband Rick checked off one item on their bucket list last September by visiting the Galapagos Islands.

Enjoy Ecuadorian treats, see some amazing photographs, learn about the islands, and perhaps add this trip to your bucket list.

Think of all the amazing things Paul
accomplished for the Kingdom.
He did it all without coffee.

WE HAVE COFFEE.
Just imagine what we're capable of.
